## SUMMARY

I want to work in tech because I have developed a passion for programming, cybersecurity, and system administration, with experience using tools like Python, Linux, and web development platforms. These skills allow me to approach challenges with a problem-solving mindset and optimize systems effectively. I'm excited to apply my expertise in a dynamic tech environment where I can grow, learn, and contribute to impactful projects.

## SKILLS

- **System Admin:** Linux, Windows
- **Programming:** Python, Java
- **Version Control:** Git, GitHub
- **Web Development:** Vercel
- **Software Development:**
  - Scrum, Agile, Object Oriented Design
- **Virtualization/Containers:**
